Multiblindo three-point mortice lock for metal frames, **deviators with rotating deadbolt and pin.**

Central lock, centre distance 92 mm, operating with European profile cylinder.

Rotating deadbolt, 27 mm throw with antidrill/anticut cover plates in hardened steel.

Supplied with reversible and adjustable latchbolt. The latchbolt can be replaced with roller or cap for deadlocking only.

Latchbolt/roller operated by key or 8 mm handle follower.

2 lateral-locking deviators, assembled, with rotating deadbolt 27 mm throw with antidrill/anticut cover plates in carbonitrided steel.

2 nylon end blocks for U-version. Fixing screws. Instruction sheet.

Matching accessories:

Extension with rotating hook deviators and pin, **U front plate** 79X300002

Extension with rotating hook deviators and pin, **flat front plate** 79X310002
